

Cell Line Information Pack (CLIP)

Cell line name	RCi007-A
ECACC Catalogue No.	66540045

Purpose

The purpose of this Cell Line Information Pack (CLIP) is to communicate cell line specific information to potential users of the cell line, and to confirm that a User has received it upon the purchase of an EBiSC cell line.

Information

The CLIP may provide a variety of types of information related to an individual cell line. Of particular importance are Third Party Obligations (TPOs), which are ethical or legal obligations of a Depositor related to the use of the cell line. TPOs may impose ethical or legal limitations on the ability of a User to use the cell line, or require steps to be taken before it can be used. TPOs are likely to be:

- Obligations under license to an intellectual property rights (patent) holder, or
- Restrictions on use imposed by the donor of the primary tissue from which the cell line was made.

Third Party Obligations: donor consent provisions

None

Third Party Obligations: IP or license provisions

The Depositor hereby informs the EBiSC Bank that the Material was generated using reprogramming technology on which IPS Academia Japan (iPS-AJ), Kyoto holds a patent. Any potential User interested in accessing the Material must satisfy itself as to whether it is necessary for it to obtain a licence from IPS Academia Japan in order to validate its use of the Material.

Other information

None

User acknowledgement

Please sign below to indicate that you have read and acknowledge the information contained in this CLIP.
